Transatlantic Lectures on Insurance Law

# ATILA Lectures

---

The Insurance Law SIG at the European Law Institute is happy to announce the commencement of its new lecture series.

## TRANSATLANTIC LECTURES ON INSURANCE LAW

The lecture series represents a transatlantic joint venture in which leading experts from Europe, North America, South America and Africa will discuss fundamental questions of insurance law online (via zoom). The lectures are primarily aimed at participants from Europe, North America, South America and Africa. With this in mind, the time of the event has been chosen to enable participation on both sides of the Atlantic. Speakers and participants from other regions are, of course, also very welcome to attend.

The lecture series encompasses key topics, each of which will be dealt with in two lectures over the period of half a year. The focus for the first half of 2021 is

### COVID-19: CHALLENGES FOR (RE-)INSURANCE LAW - A TRANSNATIONAL PERSPECTIVE

with lectures taking place on 25 March 2021 and 27 May 2021.

We look forward to your participation!
